PROFESSIONAL PROFILE

Medical Oncologist with clinical and academic expertise in thoracic oncology, neuroendocrine neoplasms, and gastrointestinal malignancies. Coordinator and Scientific Lead of the Neuroendocrine Tumor Outpatient Clinic at the 3rd University Department of Internal Medicine, National and Kapodistrian University of Athens (NKUA), Sotiria General Hospital. Active investigator in academic and industry-sponsored clinical research, with particular focus on lung neuroendocrine carcinomas, immunotherapy, real-world evidence, translational biomarkers, and rare thoracic malignancies.

CURRENT ACADEMIC AND CLINICAL APPOINTMENTS

Consultant in Medical Oncology

Oncology Department, 3rd University Department of Internal Medicine, NKUA, Sotiria General Hospital
2018 - Present

External Consultant (Medical Oncologist)

Therapis General Hospital, Athens, Greece
February 2026–Present

Coordinator and Scientific Lead

Neuroendocrine Tumor Outpatient Clinic
3rd University Department of Internal Medicine, NKUA, Sotiria General Hospital
2023–Present

Clinical Instructor

3rd University Department of Internal Medicine, NKUA, Sotiria General Hospital
Ward-based teaching for 3rd-, 4th-, and 6th-year medical students
2019–Present

EDUCATION

PhD, Medical School National and Kapodistrian University of Athens (NKUA), Athens, Greece
Dissertation: *Predictive and Prognostic Value of Immunohistochemical Stains RB1, TP53, Anti-Tyrosine Hydroxylase, and microRNAs in Large Cell Neuroendocrine Carcinomas (LCNEC)* Committee: Professor Kostas N. Syrigos (Chair), Helena Gkogka, Flora Zagouri
October 2024

MSc, Medical School National and Kapodistrian University of Athens (NKUA), Athens, Greece
Thesis: *Comparison of the Efficacy of Oncology Drugs in Clinical Trials with the Effectiveness of Real-World Data: The Example of NSCLC* Advisor: Dimitrios Vassos | Scientific Supervisor: Professor Kostas N. Syrigos
September 2020

Oncology Specialty Training University Hospital of Heraklion, Crete, Greece
Completed March 20, 2017

Medical Degree (MD) Medical School, Aristotle University of Thessaloniki, Thessaloniki, Greece
Graduated *cum laude* | February 2006

CERTIFICATIONS

✓ **Advanced Life Support (ALS):** Recertified October 14–15, 2023 (Originally certified in 2009)

✓ **ESMO Examination Certification:** 2016

✓ **ASCO Medical Oncology In-Training Examination (ITE):** 2017

SELECTED RECENT HIGHLIGHTS (2025–2026)

- ▣ Presented the mature 4-year follow-up analysis of the LANCE study in metastatic large-cell neuroendocrine carcinoma of the lung (LCNEC) at ESMO Sarcoma and Rare Cancers 2026.
- ▣ Featured in ESMO Breaking Science communications and video coverage in connection with the LANCE study and its long-term survival findings in LCNEC.
- ▣ Co-Guest Editor for the *Journal of Personalized Medicine* (MDPI) Special Issue "From Biomarkers to Breakthroughs: Advancing Lung Cancer Research".
- ▣ Expanded academic visibility in thoracic and neuroendocrine oncology through invited scientific communication, peer-review activity, and continued development of translational biomarker work in rare thoracic malignancies.
- ▣ Continued leadership of the Neuroendocrine Tumor Outpatient Clinic at NKUA/Sotiria, integrating multidisciplinary management, real-world clinical data capture, and research development in neuroendocrine neoplasms.

RESEARCH EXPERIENCE

(Principal Investigator for multiple HeSMO-funded protocols: 2018–2023. Highlights include:)

- July 2023: Expression of Neuroendocrine Markers ASCL1 and NEUROD1 in Non-Small Cell Lung Carcinoma (NSCLC) with Neuroendocrine Differentiation and H-score of Neuroendocrine Markers
- November 2021: Probing the Lung Cancer Microbiome: A Clinical and Mathematical Approach
- February 2021: Heterogeneity in the Immunohistochemical Detection of Proteins in Neuroendocrine Neoplasms of the Lung
- September 2020: Generate Zebrafish Xenografts of Bronchial Neuroendocrine Tumors
- September 2019: Serum VEGF-C Levels as a Predictive Biomarker for Immunotherapy Response in NSCLC
- September 2018: Unravelling the Complex Role of the Nervous System in Cancer Growth and Metastasis: An In Silico Approach

CLINICAL TRIALS AND RESEARCH DEVELOPMENT

Sub-Investigator Active sub-investigator in numerous Phase III global interventional trials including TRIDENT-3, SUNRAY-01, GALAXIES Lung-301, HARMONI-3, DeLLphi-306, DeLLphi-305, ARTEMIA, and trials sponsored by PPD Global Ltd, focusing on NSCLC, SCLC, and breast cancer. *(Detailed list available upon request).*

PROFESSIONAL DEVELOPMENT AND LEADERSHIP

- ▣ **Head of Organization, Oncology Board:** 3rd University Clinic of NKUA and affiliated laboratory (Jan 2019 – 2023). Responsible for multidisciplinary oncology board meetings.
- ▣ **Hellenic Society of Neuroendocrine Tumors:** Treasurer (2023–2025), President (2021–2023), Member (2019–2021).
